

# UNDERCOVER TRAINING

Our firm is offering advanced training to suitable candidates, based directly upon the RCMP's O.U.T. Course. The RCMP course is internationally recognized among police agencies around the world as the best undercover training available, and the RCMP remains the world leader in the development of advanced infiltration techniques. Due to the power of this tradecraft, each applicant for the training will be the subject of a background check to confirm suitability. Some of the most experienced undercover agents in Canada will be teaching this course, which will involve five days of classroom instruction and three nights of practical exercises on the street. In addition to infiltration techniques and scenario development strategies, considerable emphasis will be placed upon evidence gathering and recording practices.

Candidates will be tired by the end of this course, but the skills acquired will result in them being sought after within our industry. Lions Gate runs undercover operations on a regular basis, and we pay a minimum of \$40/hr for this work. Both men and women are welcome to apply, as are all ethnic groups. If you are successful, Lions Gate will identify you as a trained agent, and you will be eligible to participate in our operations.

The course runs between Thursday **September 9th – September 13th** inclusive, and it will be held in the Greater Vancouver area. We will be training some of our own people, and we have ten additional vacancies for investigators or supervisors working in the PI industry.

The cost for this course is \$1,500, with a \$600.00 deposit required by August 27th, 2010. If you are interested in this rare opportunity, please contact the undersigned.
